- Generally Board Meetings will be held for every six months; however frequency of meetings may be increased in exigency.

• Organizational chart and processes

ORGANISATNAL CHART OF CHALAPATHI INSTITUTE OF PHARMACEUTICAL SCIENCES, GUNTUR

• **Nature and Extent of involvement of Faculty and students in academic affairs/improvements**

• The academic faculty delivers lectures, conducting laboratory classes, sessional examinations, preparation of lesson plans, maintaining attendance registers, award of sessional marks, acting as counsellors for students, helping the students in project works. Some senior faculty are the members of Board of Studies in Pharmacy of their discipline and they contribute to the development and updating of curriculum. The students have the freedom to get their doubts cleared. They offer suggestions for good working of academic process. The students are allowed to give feedback about the faculty. In Chalapathi institute of pharmaceutical sciences faculty members are available from 9.00 A.M. to 5.30 P.M. during all working days and during holidays including Sunday one faculty is available to interact with students and parents. The students shall interact with faculty members in tutorial rooms or staff cubicles for their academic improvement between 9.00 A.M. to 9.30 A.M. and 4.45 P.M. to 5.30 P.M. during all working days. In addition every evening remedial classes for poor learners, an advanced coaching for fast learners will be held on all working days between 4.45 P.M. to 5.30 P.M. The implementation of these activities in our institution, in the inception year (2004) led to excellent results. Students bagged two university ranks, 50% of admitted students secured first class with distinction and 99% overall pass percentage was obtained. Seminars in various subjects by students will be held as per the academic timetable. The topics are being selected from GPAT syllabi and journals. Industrial tours Guest Lectures are being organized by the institution to strengthen the industrial and academic interaction.

• **Mechanism/ Norms and Procedure for democratic/ good Governance**

- Good governance is in practice in Chalapathi institute of pharmaceutical sciences since its inception by the team work of principal, faculty, technical and non- technical staff in co-operation with president and Governing body of Chalapathi educational society, Guntur. All activities of the institution are segregated into different committees/cells. The activities of individual committees/cells are co- ordinate by principal. Principal after interaction or in co-ordination with academic advisory board or President and Governing Body will finalize the activities and discharge to various categories in a transparent way. Faculty or technical persons in co-ordination also supervise the office administrative work with Principal.

• **Student Feedback on Institutional Governance/ Faculty performance**

- Student's feedback on institutional governance and faculty performance is excellent. Once or Twice in a year students shall provide feedback or feedback will be collected from stakeholders on institutional governance/faculty performance/programme outcome/course outcomes. Any deficiency pointed out by students will be discussed with the concerned staff and rectification is made. Teachers are evaluated with respect to their regularity to class work, the manner in which the class is being handled and how the practical class work is handled. The technical staffs are evaluated based on their ability to keep the laboratory ready for practical. The manner in which they maintain the equipment and prepare reagents for practical is periodically reviewed. During the last three academic years the feedback was excellent.

• **Grievance Redressal mechanism for Faculty, staff and students**

- Grievances shall be addressed to grievance cell in a transparent way. The grievances received orally or in written form will be considered and rectified if necessary in consultation with the faculty/President/Principal/Incharges of various committees and Board of Governing Body. Grievances shall be registered through online. www.vmedulife.com/institute/e-grievance/home/cips-guntur-andhrapradesh.

STRATEGY

- All students and staff who join the college will automatically become members of the Library.
- Each student will be issued 2 library cards in the beginning of every academic year.

Every faculty member will be assigned a library reference code which will be used for all library proceedings.

Laboratory and Workshop

List of Major Equipment/Facilities in each Laboratory/Workshop

01. CENTRAL INSTRUMENTATION LABORATORY			
Room No.	115	Laboratory Size	161.15 Sq.M.

List of Major Equipment:

Facilities:

Intercom facility, water supply, Drainage system, Fire-extinguishers, Exhaust fans, proper cross-ventilation, First-aid kit, etc.

CLPT-Mandatory Disclosures

• Internal Continuous Evaluation System and place

- Question paper pattern, evaluation of assignments, seminars and group discussions for continuous internal assessment was framed and drafted as a part of academic rules and regulations of Chalapathi Institute of Pharmaceutical Sciences.
- Suitable weightage is given to the topics based on syllabus, importance of topic and course objectives. Assignments are allotted to the students in each course and the students are informed to submit in the written format with in a stipulated period of time. The concerned faculty evaluates the assignments in terms of course content, linguistic and mode of presentation. Out of all assignments collected, the best performance was appraised and it is circulated among other students for their reference, so that all students will be benefited. The topics for assignment are mostly related to course outcomes of a course, so that the student will be able to develop self learning skills and ultimately course outcomes are achieved.

Linguistics of question paper is in link with blooms taxonomy as the questions impart the concept of remember, understand, apply, analyze, evaluate and create.

- Two internal (sessional) examinations shall be conducted for each theory/practical course as per the schedule given by the institution. Question papers are prepared in a way to cover the course outcomes and the students performance can be easily assessed. Prepared question papers by the concerned faculty are verified by head of departments and confirmed. At the end of sessional examinations, concerned faculty evaluates the question paper to ensure that given questions are from course outcomes perspective and on the question paper itself relative course outcomes for each question is marked., which is further used for calculation of course outcome attainment from sessional examination.

• Student's assessment of Faculty, System in place

- 360° Feedback on will be collected through online from the Students, Faculty, Alumni, Management and Employer.

<http://www.chalapathipharmacy.in/360.aspx>

- 360° Feedback on all courses will be collected through online from the students once in a semester. The 360° feedback will be collected at the end of the semester. During the feedback a 25 parameters questionnaire along with 360° feedback on course outcomes.
- Each parameter is measured based on the rating assigned to it i.e., 1 for Yes, 2 for No, 3 for Marginal and 4 for Not applicable. Each parameter average is measured by number of students given against each rating. Final feedback of a faculty is measured considering the average rating given against each parameter.
- Twenty Five Parameters used to collect the 360° Feedback at the end of the semester:
 01. Are you aware of program objectives and outcomes?
 02. Do you know the objectives and outcomes of each course?
 03. Whether the stated course outcomes met the program outcomes
 04. Adequate correlation between theoretical knowledge and practical skill set Acquired
 05. Whether innovative teaching-learning methods were implemented.
(Videopresentations / animations etc.)
 06. Whether curriculum provided the knowledge regarding usage of modern tools such as simulations / software etc.
 07. Is there adequate scope for skill development in the curriculum?
 08. Did the institution enrich the course?(Supportive theory and practicals)
 09. Is there adequate emphasis on human values, ethics and professionalism?
 10. Is there adequate emphasis on communication skills and personality development?
 11. Whether there is scope for exploration of practical skills acquired?
(Research projects/ exhibition)

BEST PRACTICE -1

1. Title of the practice – Best library Utilization awards

2. Objectives of the practice

- To encourage to the students and staff to utilize the complete facilities of the library.
- To create interest and motivate the students to use library resources.
- To introduce the students with new books and awareness on recent updates in journals and magazines.

3. The Context

- Most of the students are now habituated to short cut knowledge that was already available in internet resources, but they are not able to have a clear knowledge on basics and structural mechanism of the concepts.
- So, to incorporate the significance of textbooks, the institution planned to drive the students and faculty towards the utilization of the library resources.

4. The Practice

- The students in their leisure time can spend in library.
- The students have separate library hours in their academic schedule.
- The library hours are from 8:30AM to 8:00PM in all working days for the accommodation of students of all programmes in different timings.
- As the seating capacity was enhanced to 200, the best practice can be achieved in a right manner also.

6. Problems encountered and resources required

Identifying the students and faculty for this award based on the evaluation parameters is some hard task. The parameters like books they referred, books issued and their visiting hours to library were considered.

BEST PRACTICE -2

1. **Title of the practice** – Minor Research Projects

2. **Objectives of the practice**

- To encourage the students in research in advance by providing seed money.
- To promote knowledge and enthusiasm in students towards their research area of interest.
- To update the students with real world situations in pharmaceutical areas.

3. **The context**

- Most of the students are very well advanced in theoretical knowledge but lack in practical ones.
- The area of research promotes only if we perform experiments and that is the only way to find out new things.
- Apart of text book knowledge, in order to promote practical exposure and scientific skills, the institution introduced “Minor Research Projects”.

4. **The Practice**

- The concept of Minor research projects for the UG students was highly circulated in the institution and invited candidates by giving an application.
- The applications were scrutinized and allotted guides as per their area of specialization.
- The guides will follow up the process of project and helps them in every aspect of their research.

6. Problems encountered and resources required

- Regular follow up of projects including the chemicals required is a great task.
- If the project is associated with pre clinical studies (Laboratory animals), prior permission and approval from IAEC (Institutional Animal Ethics Committee) is required.
